APPLICATION FOR PERMIT

Serial No. 4356

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office MAR 15 1917
Returned to applicant for correction _____
Corrected application filed _____

The undersigned W.S. Carter
Name of applicant.
of Big Creek, Via Austin, County of Lander,
State of Nevada, hereby make s application for
permission to appropriate the public waters of the State of Nevada,
as hereinafter stated. (If applicant is a corporation give date and
place of incorporation.) _____

1. The source of the proposed appropriation is Big Creek,
Name of stream, lake, or other source.
2. The amount of water applied for is 15 second-feet.
One second-foot equals 40 miners' inches.
3. The water to be used for irrigation, stock watering and domestic
purposes.
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
point: This is an application for permit to change the point of
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.
diversion, manner and place of use. See supplemental sheet.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about _____ and end about _____
Month.
_____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horsepower.
- (e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.
- (f) Point of return of water to stream _____
Describe in same manner as point of diversion.
- (g) Remarks _____

DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works _____

APPLICATION TO CHANGE THE POINT OF DIVERSION, MANNER AND PLACE OF
OF THE WATERS OF THE STATE OF NEVADA.Date of first receipt and filing in State Engineer's office: MAR. 15. 1917.
A.D. 1917.

Returned to applicant for correction:.....

Corrected application filed:.....

-o-o-o-o-o-o-

The undersigned, W.S. Carter, of Big Creek, via Austin, County of Lander, State of Nevada, hereby makes application to change the point of diversion, manner and place of use of waters heretofore appropriated and beneficially used as hereinafter set forth.

1.- The source of the water supply of the proposed change is Big Creek.

2.- The quantity of water desired to be changed is 15 cubic feet per second, being all of the flow of said stream at the proposed point of diversion.

3.- The water is to be used for irrigation, stock watering and domestic purposes.

4.- The water is to be diverted from its source at the following point; at a point at or near the quarter section line common to the SE $\frac{1}{4}$ of SE $\frac{1}{4}$ and NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 32 Tp. 18 N. R. 43 E., whence the water will be diverted from the Main Ditch or channel now in use by applicant (said Main Ditch having now become the main channel of said Big Creek).

5.- The existing point of diversion from the old or original channel of Big Creek is at a point thereon approx. 200 ft. South of the section line common to Sec.s 4 and 9 of Twp. 17 N. R. 43 E., whence the Starrett Ditch leads out, and at a point approx. 100 ft. North of said first named point of diversion, whence the Barton Ditch and the Main Ditch or Channel leads out.

6.- The water, herewith desired to be changed, has been beneficially and continuously used as follows:

(a) For Domestic use on the Big Creek Ranch situated on the lands hereinafter described under subdivision (c) hereof, by means of pipe line leading from reservoir supplied through the Starrett Ditch.

(b) For stock watering purposes on said ranch in the open ditches thereupon, and also by means of pipe line supplied from Main Ditch or channel.

(c) For irrigation purposes upon the following lands:

9 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, Tp. 18 N. R. 43 E.:

.75 acre in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, "

6 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, "

17 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, "

7 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, "

22 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, "

6 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, "

16 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32, "

24 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, Tp. 17 N. R. 43 E.:

22 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, "

35 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, "

5 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, "

12 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 5, "

12 acres in W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 4, "

193.75 acres total acreage irrigated;

all of which will more fully and at large appear from the proofs of appropriation by applicant this day filed in the office of the State Engineer, reference being hereby made to said proofs of appropriation for the purpose of incorporating the same herein as a part of this application for change of point of diversion and place of use.

7.- The number of acres heretofore irrigated is 193.75 acres.

8.- The number of acres proposed to be irrigated is 1160 acres.

9.- The description of the land proposed to be irrigated is as follows:

S $\frac{1}{2}$ of S $\frac{1}{2}$ of Section 5, Tp. 18 N. R. 43 E:

NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 7, "

All of Section 8, "

N $\frac{1}{2}$ of Section 17, "

NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 17, "

10.- Applicant also desires to use said waters for domestic and stock watering purposes upon said lands last described.

11.- The estimated cost of the proposed works is \$1000.00 for the 3 $\frac{1}{4}$ miles of ditch required; (this will later be replaced by a pipe line estimated to cost \$14,000.00)

12.- The estimated time required to construct the works is 3 years.

13.- Irrigation will begin about March 1st., of each year, and will end about October 1st., of each year; water for domestic and stock watering purposes required the year around.

14.- The water has been used heretofore during the months of March to September, inclusive, of each year.

15.- Remarks:

This application to change point of diversion and place of use is submitted in connection with the proofs of appropriation this day filed by applicant, including his affidavit relative thereto, and in connection with the application of this applicant and others for permission to appropriate for irrigation, domestic and stock watering purposes, the waters of Big Creek that will be conserved by the proposed change in place of use and is made without waiver of any existing rights that applicant has by virtue of the appropriations and beneficial use of such waters heretofore by himself and his predecessors in interest.

W.S. Carter,
Applicant.

State of Nevada,

SS.

County of Elko.

W.S.Carter, being first duly sworn, deposes and says: that he is the applicant who makes the foregoing application for change of point of diversion, etc.; that he has read the foregoing application, and that the same is true to the best of his knowledge, information and belief.

W.S. Carter,

Subscribed and sworn to before me this 14th day of March, 1917.

Chas. A. Cantwell

Notary Public in and for the County of Elko, State of Nevada. My Commission expires June 11th., 1917.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place of use and point of diversion of the waters of Big Creek, is issued with the understanding that no prior rights will be affected thereby, and that no new rights are granted herewith. The application is approved only for a change in the place of use of the amount of water which has heretofore been diverted for use on the 193.75 acres of land for which a vested right is claimed under proof of appropriation No. 01502, or such amount thereof as may actually be entitled to a vested right. The applicant will be required, at the time of filing proof of beneficial use of water, to file a map showing definitely the location of such land actually entitled to a vested right. A standard headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of water under this proposed change at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

Actual construction work shall begin on or before May 1, 1918.

Proof of commencement of work shall be filed before June 1, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before May 1, 1920.

Proof of completion of work shall be filed before June 1, 1920.

Application of water to beneficial use shall be made on or before

May 1, 1922. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 1, 1922.
